

## Cree LED EZ1000-n™ LED Chip End-of-Life Notification

Customer Name: All Customers  
Customer Contact:  
Customer E-Mail:  
Address:

PCN Reference Number: CreeLED-PCN-5252  
Date Issued: 21-Oct 2021

Be advised that Cree LED will no longer manufacture EZ1000-n Blue and Green LED Chips. Please review the key End-of-Life (EOL) details below.

### Affected Products

All EZ1000-n (n-pad up) Blue and Green kits and bins.

### Suitable Replacement Products

Cree LED offers EZ-p™ (p-pad up) LED chips as an alternative to EZ1000-n chip products. The EZ-p product family offers improved RF and Vf performance, while maintaining the highly desired Lambertian FFP of EZ1000-n. EZ950-p™ is most closely matched in chip size, while EZ700-p™ is more closely matched in performance. For applications that do not require a Lambertian FFP, Cree LED recommends the SA™ chip family.

### Key End-of-Life Dates

Last Time Buy Date:	01-Apr 2022
Last Shipment Request Date:	30-Sep 2022
Last Day of Technical Support:	31-Dec 2022
Last Day to Request RMA <sup>(1)</sup> :	31-Dec 2022
Note 1 –RMA's will be replaced only from available stock and credited if stock is not available.
