

Cree® XLamp® MP-L & CXA2011 LEDs

CLD-EL022

Announcement Date: February 25, 2015

Effective Date: March 31, 2015

This notification applies to part numbers with the following prefixes:

MPLEZW-xx-xxxx-xxxxxxxxxx

CXA2011-xxxx-xxxxxxxxxx

IMPACT OF CHANGE

Cree will accept last-time-buy orders for the affected part numbers above. The end-of-life timeline is as follows:

Date	Event
March 31, 2015	End-of-life effective date.
June 30, 2015	Last day of last-time-buy period. After this date, above order codes will be deactivated and orders for above order codes will not be accepted.
December 31, 2015	Last allowable day for scheduled shipments of last-time-buy orders.
December 31, 2016	Last day of technical support. After this date, all support requests for above order codes will not be accepted, regardless of reason. Last day to request RMA. After this date, RMA requests for above order codes will not be accepted, regardless of reason.

SUGGESTED NEW XLAMP LEDs

Cree does not have LEDs that easily replace the XLamp MP-L or CXA2011 in existing designs. The table below shows the closest options from Cree’s current LEDs to achieve the same levels of light output, while maintaining a similarity in design to the old LEDs.

Current XLamp LEDs	Suggested New XLamp LEDs
MP-L EasyWhite	CXA1304 or XM-L2 EasyWhite
CXA2011	CXA1512 or CXA1816
